PROJECTS

Villa Booking Website

Jan – Feb 2024 | <https://github.com/samiran2002/haven-home.github.io>

- Developed a full-stack villa booking website named Haven Home using Next.js 14 , React , Typescript , Tailwind Css , Prisma , MongoDB , NextAuth.js , Cloudinary .
- Included a comprehensive filter system allowing users to refine searches by date, place, guest capacity, and room/bathroom count .
- Implemented Prisma and MongoDB for efficient data storage and retrieval, ensuring smooth operation at scale.
- Integrated NextAuth for secure login using GitHub or Google accounts, prioritizing user security.
- Cloudinary is implemented for image storage and management functionalities.

Personal Portfolio

May 2023 | <https://github.com/samiran2002/portfolio.github.io>

- Built a personal portfolio website using core web development technologies like HTML, CSS, and JavaScript.
- This demonstrates my understanding of the foundational building blocks for creating interactive web experiences .
- Incorporated sections to showcase personal details and minor projects like a clock and calculator, highlighting my coding skills and problem-solving abilities.
- This showcases my ability to translate technical skills into practical applications and user-facing experiences.

Weather Website

May 2023 | <https://github.com/samiran2002/weatherforecast.github.io>

- Developed a weather website that utilizes the OpenWeather API to retrieve real-time weather data for any city.
- This demonstrates how to integrate external APIs for data access, expanding the functionality of web applications.
- Features allowing users to search for weather information of any city, displaying details like temperature, humidity, and wind speed.

EDUCATION:

2020 - 2024 | GITA Autonomous College

Bachelor of Technology - Computer Science | 9.4CGPA

2020 | Mother's Public School

12th - Science | 81.2%

2018 | Hill Top School

10th - Science | 90%

INTERNSHIPS / CERTIFICATES

- Front-End Web developer intern-Internpe
- TCS National Qualifier Test – IT
- Front-End Web developer intern-Rinex
- Bootcamp for Google Drive Clone-Devtown
